

Mørkved school, Brumunddal, Norway

During the project period our school has worked with following topics:

Literacy

- Different teaching methods
- Early Years Literacy Program from 1st to 4th grade
- Guided Reading Program from 5th to 7th grade
- How to use the school library as a learning center
- Literacy days and a big theatre performance with fairytales from many different countries

Numeracy

- Different teaching methods
- Early Years Numeracy Program from 1st to 4th grade
- Math stairs from 5th to 7th grade
- Self-controlled learning
- Outdoor mathematics
- The mathematic rucksack

In both literacy and numeracy we have several local and national tests, and the teachers have improved giving formative evaluation to the pupils.
