

Comenius project meeting 24th – 28th of May 2011 at Grundschule Baiersdorf, Germany

Workshops

Dear Comenius friends!

Here, you can find the workshops, we prepared for you. We changed the way of organization a little bit this time.

We defined the places for each Comenius team in the workshop.

You can decide, who will attend which workshop. You needn't tell us the names.

Please be so kind and don't change the number of participants in the workshops. In some classes we have 28 or 29 pupils, so that it is not possible to put more chairs in the classroom. Thank you very much. We are very happy to see you all in Germany!
